### PROFESSIONAL EXPERIENCE

Mr. Erickson has over 20 years of experience developing lasting business relationships, including eight years in the indoor environmental quality and industrial hygiene consulting industry. He has developed strong business-to-business relationships with hundreds of clients including insurance adjusters and agents, property managers, real estate developers and brokers, business owners, and homeowners.

He has hands-on indoor environmental quality investigation experience, having performed hundreds of inspections for mold, asbestos, lead, and soot/smoke in homes and businesses.

Mr. Erickson served on the Arizona Insurance Claims board of directors.
