

EHS Specialist (5+ Years Experience)

Sevee & Maher Engineers, Inc. (SME) has a new full-time position for an **EHS Specialist** at our office in **New Gloucester, Maine**, or at our Hampden, Maine; Park Ridge, Illinois; Phoenix, Arizona; or Marietta, Georgia, offices.

Position Summary

SME is looking for an **EHS Specialist** to join and grow our Environmental, Health, and Safety Management group. The **EHS Specialist** will be responsible for assisting clients in achieving and maintaining compliance with federal, state, and local environmental regulatory requirements, and supporting our clients' sustainability initiatives. You will report directly to a principal of the firm and work alongside several senior engineers and scientists who are experts in the field.

Your Impact

As an **EHS Specialist** you will have an opportunity to participate in a diverse and dynamic portfolio of projects, supporting multinational pulp and paper companies, renewable energy companies, and even local manufacturing facilities who are trying to reduce their environmental footprint. **Your work will contribute directly to the protection of air quality, land, and water resources through active involvement in pollution prevention programs.**

As an SME **EHS Specialist** you will be responsible for:

- Conducting multimedia compliance assessments,
- Working directly with clients to develop formal compliance plans,
- Preparing environmental permit applications,
- Determining the environmental impact of facility operations, and
- Designing pollution control processes.

as well as:

- Maintaining a high level of organizational skills to keep tasks on schedule, and
- Being an integral team member and problem solver who is adept at developing practical, cost-effective solutions that serve our clients well.

Because the **EHS Specialist** will work closely with SME's multidisciplinary staff and frequently interact directly with clients, regulatory agencies, and the public, your **strong interpersonal and communication skills (written and verbal) are important**. At SME, we take pride in building and maintaining positive long-term relationships with all stakeholders.

Required Skills and Qualifications

- B.S. degree in Chemical or Environmental Engineering, Environmental Science, Chemistry, or similar
- Professional environmental or health and safety credential preferred (e.g., PE, CHMM, CIH, CSP, EIT, CEA, or similar)
- Prior experience in EHS auditing of industrial facilities and report preparation
- Ability to work independently, and coordinate activities with our close-knit team
- Some travel expected

Compensation and Benefits

SME offers an excellent compensation and benefits package that includes:

- 100% company paid Medical, Life, and Long-term and Short-term Disability insurance
- Annual contributions to the enrolled employee's Health Savings Account (HSA)
- Paid vacation and sick time and 9 paid holidays per year
- Retirement plan comprising three components: a 401(k) plan with generous matching contribution; profit sharing; and a non-discretionary 3% of gross pay contribution.
- Performance-based year-end bonuses.

Working at SME

Founded in 1985, SME is an accomplished team of 100+ experienced and talented professionals providing environmental, civil, structural, and electrical engineering consulting services to clients nationwide. From permitting solar farms to cleaning up environmental hazards, managing society's waste, and developing sustainable solutions, SME employees share a common goal of assisting clients in the protection of human and environmental health. SME combines strong technical expertise with innovative technologies to provide cutting-edge solutions to our clients' real-world challenges.

At the heart of SME is our friendly and down to earth culture. SME is large enough to offer a full range of services but small enough that everyone on our team makes a difference. There is room to choose your own path and pursue your passions, and each person is recognized for their contribution to our collective success. SME supports and encourages professional development and active participation with professional associations. Joining SME means becoming part of a group of dedicated professionals who enjoy doing meaningful work together.

Along with a collaborative work environment, SME offers:

- Work-life balance
- Hybrid work schedule
- Professional development and growth opportunities
- Intraoffice groups including hiking, hockey, and running
- Community involvement such as volunteer days and an SME sponsored road race team, and
- Annual company retreat, fall golf outing, regular social events, and more.
