

INFORMATION SERVICES AND TECHNOLOGY SOLUTIONS ANALYST / DEVELOPER

Are you interested in a progressive and growing company that offers exceptional opportunities for your success? Sevee & Maher Engineers, Inc. (SME) has a new full-time position for an **Information Services and Technology Solutions Analyst/Developer** at our headquarters in Cumberland, Maine.

Founded in 1985, SME is an accomplished team of over 55 experienced and talented professionals providing civil and environmental engineering and consulting, comprehensive design, construction management and oversight, permitting, and testing services for commercial, industrial, governmental, and residential clients throughout the United States. SME combines strong technical expertise with innovative technologies to provide cutting-edge solutions to our clients' 21st-century challenges. Management of data and analytical tools is key to all of our services.

SME began as a landfill design consulting firm, and over the past 35 years we have expanded our business to multiple service sectors. As we enter our next phase of growth, SME offers a unique opportunity for a motivated and experienced individual to excel.

Position Summary

The individual in this position acts as an integral part of our project teams, bringing technology solutions and efficiencies to both routine and challenging problems. The ability to actively seek out opportunities where technology can enhance SME's value to our clients, and following through with design, development, and implementation of automation solutions, is critical.

These solutions often involve assisting technical staff with analysis, presentation, organization, and reduction of large and small environmental data sets.

A core function of the position is the responsibility to maintain and continue development of a proprietary MS Access database housing environmental data (primarily chemical data from laboratory analyses and field measurements).

Required Skills and Qualifications

- Minimum of 10 years of experience in information services and technology
- Full stack development, implementation, and maintenance of custom-built databases to meet our company's data analysis and reporting needs
- Ability to work with a wide range of personalities
- Willingness to work in a fast-paced setting
- Thoughtful evaluation of complex problems
- Oversight of data management and validation for projects that span up to 30 years
- MS VBA and SQL programming experience

(continued)

Desirable Skills

- ASP.NET application framework experience
- MS Teams, Sharepoint, and Office365 automation
- Understanding of physical sciences and laboratory testing protocols would be very beneficial
- Basic knowledge of statistics
- Golden Software Grapher application automation (a VBA environment) experience
- IT systems and end user support experience welcome, as backup for Systems Administrator

Working at SME

At the heart of SME is a culture that is friendly and down to earth. SME is large enough to offer a full range of services but small enough that everyone on our team makes a difference. There is room to choose your own path and pursue your passions, and each person is recognized for their contribution to our collective success. SME supports and encourages professional development and active participation with professional associations. Joining SME means becoming part of a group of dedicated professionals who enjoy doing meaningful work together.

Compensation & Benefits

SME offers an excellent compensation and benefits package. The company pays 100 percent of Medical, Life, and Long-Term and Short-Term Disability insurance, and annually contributes to each employee's Health Savings Account. We provide paid vacation, holiday, and sick time. SME's retirement plan includes three components: a 401(k) plan with generous matching contribution; profit sharing; and a non-discretionary 3% of gross pay contribution. There are year-end bonuses for all employees.

Location

SME is based in Cumberland, just north of Portland, Maine. Perfect for a balance of work and play, we are located only minutes from ocean beaches, lakes, rivers, and mountains where you can conveniently access outstanding outdoor activities. If city life is more your style, the area offers fantastic shopping and dining options as well as a diverse arts and entertainment scene.

Let's Connect!

SME is always looking for new talent. If this position sounds like a good fit for you, **please submit your resume and cover letter as a single PDF or Word document to: smeresumes@sme-engineers.com**
