

## Project Manager / Civil Engineer II

Bono Consulting Civil Engineers has an immediate opening for an experienced Civil Engineer in our Naperville, IL, office to support commercial, industrial, and residential site development projects. The right candidate will have the opportunity to manage their own diverse portfolio of projects and interact directly with clients on a daily basis.

Our firm's commercial projects typically include solar farms, restaurants, car washes, strip malls, churches, and mixed-use buildings. Industrial projects include logistics facilities, warehouses, distribution centers, and heavy industry projects. Residential projects include apartment buildings, townhouses, and large single-family homes. You will be a key member of the client's development team, a rewarding position in which your contributions will play a significant part in project success.

The variety and scope of projects taken on by Bono Consulting ensure that our engineers are constantly challenged to find innovative and cost-effective ways to serve our clients' needs. As a project leader you will communicate with clients on a daily basis and keep an organized schedule of multiple projects at any given time.

Founded in 1997, Bono Consulting is a member of the multidisciplinary Sevee & Maher Engineers, Inc., group of companies, with projects nationwide.

### Required Skills and Qualifications

- BS or MS in Civil Engineering from an accredited college or university
- Minimum of 3 years of site development design experience using AutoCAD software, including site grading, storm water management, utility connections, permitting, and floodplain storage
- Authorization to work in the U.S. is required, but we are willing to sponsor an outstanding candidate
- Ability to communicate clearly and in a friendly, approachable manner with clients, co-workers, and municipal staff
- Ability to "think like an engineer," which means having the willingness and initiative to find answers you may not already have
- Ability to listen and learn so that repeat mistakes are avoided
- Ability to work on multiple projects concurrently and toggle between projects as required
- Ability to stay within project budgets and timelines, and
- Ability to develop relationships that result in happy clients and repeat business!

### Compensation and Benefits

Bono Consulting offers an excellent compensation and benefits package. The company pays 100 percent of Medical, Life, and Long-Term and Short-Term Disability insurance, and annually contributes to each

enrolled employee's Health Savings Account. We provide paid vacation, holiday, and sick time. Our retirement plan includes three components: a 401k plan with generous matching contribution; profit sharing; and a non-discretionary 3% of gross pay contribution. There are year-end bonuses for all employees.

The firm supports and encourages professional development and active participation with professional associations. Joining Bono Consulting means becoming part of a group of dedicated professionals who enjoy doing meaningful work together.
